\$800

in cash discounts in our Clearance Sale means a great deal in the retail business of Burlington.

But that is the exact amount marked off the goods placed in our great clearance sale of Furniture.

A saving of \$800 on Furniture means opportunity to invest in a great many other articles of necessity. For instance that sum would purchase about 200 barrels of flour. Such a saving is worth making, but there is no saving if you don't take advantage of the sale. The goods are going fast. They are marked way down—many of them to half their real value—and they are all first-class goods, the product of the best manufacturers.

The prices we name on the red tag make a real saving and they cannot be duplicated. It will pay every housekeeper to come before the sale closes.

This is the greatest Furniture sale we have ever had. There is Furniture for every room in the house. Don't miss the chance to get your share of the \$800.

MONTPELIER CRACKERS

Have always borne the reputation of being

THE BEST IN THE WORLD.

WHY?

BECAUSE—The old firm of C. H. Cross and C. H. Cross & Son have made them for 60 years.

BECAUSE—The same workmen have baked them in the factory for 30 years.

THEN AGAIN—The best of all is, they are baked in ovens with soapstone bottoms, which keeps them moist, crisp and tender a great while longer than if baked in ovens with iron bottoms. As good crackers cannot be baked on iron as on soapstone. Be sure to call for MONTPELIER CRACKERS, and you get the best there are made.
